

APPOINTED ACTING PRESIDENT FOR C.N.R.

With the resignation of Sir Henry Thornton as Chairman and President of the Canadian National Railways, effective August 1, Mr. Hungerford, Operating Vice-President, has been appointed by the Board of Directors as Acting President of the Company.

Samuel J. Hungerford is one of Canada's best known railroad operating officers. His experience has ranged, in more than 40 years from the humble position of machinist's apprentice, where he commenced in 1886, to that of Vice-President in Charge of Operation, Maintenance and Construction of Canada's largest railroad system, the Canadian National Railways.

Born in Bedford, Que., sixty years ago, S. J. Hungerford entered railroading as an apprentice with the Southern Railway, a part of the C. P. R. at Parham, Que. Completing his apprenticeship he worked as machinist at various points in Quebec, Ontario and Vermont, and in 1904 was appointed Chief Engineer at Windsor Station, Montreal. From 1907 Mr. Hungerford worked as assistant foreman, locomotive foreman and general foreman at Parham, Ontario, and in 1910 was transferred to Cranbrook, B. C. as locomotive foreman with the Canadian Pacific Railway. In 1912 he was transferred to 1903 to Calgary as master mechanic of the Canadian Pacific's western division and in the following year was made superintendent of the locomotive shops at Winnipeg (becoming in 1908 superintendent of shops).

In 1910 Mr. Hungerford joined the Canadian Northern Railway as superintendent of rolling stock with Headquarters at Winnipeg. In 1912 he moved to Toronto in the same position. In 1917 Mr. Hungerford became general manager of the Eastern Lines, Canadian Northern Railway and in the following year was named Assistant Vice-President, Operating Maintenance and Construction, departments of the Canadian National Railways with Headquarters at Toronto. With the taking over of the Grand Trunk Pacific by the C.N.R. in October 1920, Mr. Hungerford in October 1920 became Vice-President in charge of Operating and Maintenance, departments of the Canadian National and Grand Trunk Pacific Railways and two years later, in October 1922, he was named Assistant Vice-President and General Manager of these lines, with Headquarters at Toronto, in which position he continued until his resignation in February 1932 as Vice-President in charge of Operation, Maintenance and Construction of the Canadian National Railways, with Headquarters at Montreal.

Railroading conditions have altered vastly since the days when S. J. Hungerford commenced service as an apprentice at Parham in 1886. Then, woodburning locomotives were still in use; cars were coupled by the old "kinks and pins" and airbrakes were unknown. Hours of work were long and pay was small, and apprenticeship training systems were not brought to the stage where they are today when every effort is made to educate and encourage the boys to learn while they earn and to themselves for better jobs.

Locomotives of 1886 were pygmies compared with the enormous engines used today on the Canadian National system, and the trains they hauled were mere toys compared with the huge freight loads and all steel passenger trains which are now operated. Practices of handling locomotives in shops and on the road have altered with the growth in size of locomotives which have had to be "shopped" and many of the improvements in shop practices in Canada have developed under the watchful eye of S. J. Hungerford, who has always held the admiration of those who worked with him because he knew every phase of the work so thoroughly himself.

COMING EVENTS

Big Harvest Luncheon.—In Nighthall Hall Friday, August 30th. Music by Eddie McLeish's Alberta Orchestra. Admission The couple supper included. Aug. 30.

Albert Simons.—An Altona newspaper, was a great advocate of the cause, a help in civilizing. As a result of an unmerciful beating which she gave to her husband, and arrested, she was brought in to court one day by outraged neighbors. The Justice after asking her what she had to say.

"Just one thing, justice," she replied. "I want to see you question Was you ever the mother of a perfectly without culled child?"

U. S. FARMBOARD NOW IMPOTENT IN WHEAT MARKET

Winnipeg.—United States Farm Board is disappearing as a market factor much more rapidly than the accumulated stocks of wheat which it collected.

A recent dispatch from Chicago quoted James S. Miller, head of the heavily subsidizing United States Wheat Corporation, to the effect that the latter had on hand to dispose of 25,000,000 bushels of each wheat. This was far more than the 4,000,000 bushels previously appropriated.

In addition, the Stabilization Corporation is understood to be carrying about 20,000,000 bushels of wheat futures, accumulated, not so much in direct operations aimed at stabilization as in the process of marketing cash wheat. In addition it undoubtedly is carrying considerable stocks of wheat earned for delivery against sales of wheat previously made.

Indicate that the distribution of free wheat to the Red Cross for the relief of unemployed, and the distribution of the surplus wheat is a temporarily disturbing factor of the market. Of the relief which about 25,000,000 bush. had been devoted to the order of the Red Cross by the first of the month, but less than half of that had actually been distributed in the form of free flour. As the Red Cross technique for handling supplies improves, a more rapid distribution is expected, and the surplus wheat is expected to be disposed of as feed in certain areas.

To what extent the provision of free wheat will increase the consumption of bread is a matter which conflicting opinions are held, but it is admitted that it is a factor for consumption to be increased in the southeastern states where the per capita consumption of wheat flour is ordinarily comparatively light. In other places the principal effect appears

Strathmore, Alberta, July 27th, 1932

LOCAL JOINTINGS

After Strathmore with Helen and David and family are spending the week at Nanaimo with Mr and Mrs Murray.

Mr. Barry has received a letter from Mr. Edwards of South Africa, son of the late Mrs. Barry in which he expresses the very sincere thanks of himself and other members of the family to all friends of his mother who extended kindness to her in any way during her illness.

Mr. Marsh provided a treat to his Sunday School class one afternoon last week when he took them to Chestermere Lake and a joyously happy picnic time enjoyed.

A happy party of Strathmore young people left early Wednesday for a very interesting and interesting trip in the Mountains. The party included Misses Irlay Gray, Alice and Agnes Barry, Messrs. J. and J. Jones. The party visited Mr. Hamby's father at Golden, and taking in the ever popular and beautiful Whistler drive.

A quiet but pretty wedding was celebrated early Tuesday night at the parlour of the Mrs. J. H. Clark, Jack, Red Deer, of Mr. Herbert Hays of Strathmore and Miss Alice Hays of Red Deer. The ceremony was conducted in the presence of a few of the most intimate friends of the bride and groom. The bride was very lovely in the duties of matron of honor and groom's man for the happy young couple. After a wedding breakfast the bride and groom left by motor for Strathmore, where they will reside.

Mr. T. B. Harris was a Strathmore visitor Wednesday.

Miss Gladys Hughes has returned from three weeks' visit at her home in Calgary.

Dr. Giffen went out to Edmonton Sunday morning for a further rest after the recent flu.

On account of the illness of her father Mrs. T. Wright spent a few days in Calgary.

We are pleased to report he is much improved in health.

Mrs. Hyde and Miss Violet Hyde were guests of Mrs. Gardner of Calgary several days recently.

Mrs. Garrett, Miss Florence Garrett and Miss Bertha Gray returned Sunday last from a very enjoyable week in Calgary.

Rev. T. B. Winter is spending a short holiday in the mountains recently.

Thirty-nine astronomers traveled from their homes to spend two minutes observing an eclipse of the sun arrived in Quebec on the Canadian Pacific liner Monarch. The scientists headed by Sir Frank Dyson, K. B. E. astronomer, poet, bringing with them an assortment of scientific instruments weighing tons. There are four eclipse expeditions in the group, each choosing a different vantage point for observations.

Another beautiful garden in the district of Strathmore is that of Mrs. Colby, west of Nanaimo. Mrs. Colby's garden has been many the most admired centre of many visitors during the recent weeks and the beautiful blooms create a veritable bower of color and variety that thrill the eye and heart of the beholder.

Strathmore and Olds met on Monday night in the first game of the intermediate series for the Provincial basketball championship. After a most exciting game the local team were victors 6 to 5. Jack Crellin pitched one of his best games and excelled himself at bat. Another game will be played at Olds on Friday and should Olds be victorious, the final game will be played in Strathmore on Sunday.

Dr. Giffen has returned to Edmonton where he will rest and hopes to be fit again very shortly.

ECONOMIC CONFERENCE

All eyes are focused on the deliberations and activities of the Economic Conference now in session at Ottawa.

That the conference is of very important and far reaching possibilities has been repeatedly stated during the past week of its existence. That the Conference is meeting in Ottawa is a tribute to Canada, and the visiting delegation are all most enthusiastic in their praise of the accommodation provided and the various facilities placed at their disposal for the complete equipment of the business of the Conference and comfort of its guests.

It is earnestly to be desired that the Conference will achieve very beneficial and far reaching results which will hasten the return of the much hoped for and needed prosperous conditions.

The time has arrived when constructive decisions are needed and the people of Canada will not be alone in the component parts of the Empire in regret and disappointment if the Conference ends in a series of ephemeral, unavailing speculations as Premier Bennett suggested in his opening address.

Hirtle's Theatre

At last an ideal picture. There have been football pictures, but there never was such a football picture as a college picture which contained the genuine thrill, legitimate heart interest, honest to goodness atmosphere and solid enjoyment of "The Spirit of Notre Dame."

Everyone who had a hand in making this picture a success is proud of it because it was made as a memorial to the late Knute Rockne, the best beloved and most famous coach that our college football has developed. Lew Ayres is the star and never since has a picture had a picture which so thoroughly satisfied his remarkable talents. Friday and Saturday, July 29th and 30th.

GRAIN MEN NOT OPPOSED TO BRITISH PREFERENCE

Winnipeg, July 27.—It is not entirely true that the grain trade of Canada and western grain growers consider a preferential tariff in favor of Canadian wheat in the British market would be no advantage to Canada according to James H. Murray, general manager of the Alberta Pacific Grain Company Limited, and as one-time executive of the United Grain Growers.

In a statement issued Wednesday Murray said: "It is ridiculous to suppose that the grain trade from Ottawa during the past few days indicate, that the entire grain trade of Canada, and grain growers of the west consider a preferential tariff in favor of Canadian wheat in the British market would be of no advantage to Canada."

Confidential briefings indicate such a view may have been set out by the grain trade in a meeting by the authorized spokesmen of various bodies, but it is absurd to assume there is no contrary opinion among those who are prepared to represent the official representations made by grain trade spokesmen. It is not the view of grain traders any more than it is of wheat pools and provincial government express the view of all men in the west considering the quota system would be a cumbersome and useless, but a preferential tariff is a different matter. Personally I believe the free entry of Canadian wheat into the British

SMALLEST SELF GOVERNING UNIT OF BRITISH EMPIRE IS ANCIENT ISLE OF SARK

MUGGY MCGRAW

The hard to believe but John McGraw has not seen a ball game since he relinquished the manager's seat of the Giants. On June 2, When Jawn Jay handed the reins over to Bill Terry he announced he would not interfere with him in any way, and is keeping his word.

The same trouble that forced one of the most colorful of all baseball's characters to the sidelines has disappeared with the "chile" of spring. He plays out to keep his weight down. He has all the time he wants for his principal diversion, watching the ponies gallop over the metropolitan tracks. "I never knew until I stepped out," he said, "just how wearing it is to manage a big league ball club. I've been in baseball since I was 16, and the burden became greater the further on I went. Finally they got too much."

The story goes that Babe Ruth once met General Foch, but I don't know whether he tells people about it often.

It happened some years ago when he was playing in vaudeville in Baltimore. The manager revealed that the General was in a box and was going to pay a visit back stage after the performance. Ruth was troubled.

"I've never met any of these big birds," he told Wellington Cross, his partner. "What am I going to say to him?"

"Just shake hands with him and talk about anything you happen to think of," he was advised.

So the Babe, impressed by Foch's fine uniform and military bearing greeted him respectfully. "Was you," asked Babe, by way of making light conversation, "in the war?"

YANKEES REFUSE TO EASE UP IN PENNANT DRIVE

New York.—Roger Peckinpah, Connie Mack and Walter N Johnson can cease worrying about the Yankees, because it seems now that nothing can stop the Yanks from grabbing the American league pennant.

So the managers of Cleveland, Philadelphia and Washington, who have been anxiously awaiting a Yankee slump because of casual ties, are free to forget that the Citymen are in the league and can proceed with their second place bottle unmolesated.

All fears of a slump were blasted Sunday when the Yankees overwhipped the A's 9 to 3, with three of Joe McCarthy's best players out of the game. Catcher Bill Dickey was out on suspension, Babe Ruth was out with a leg injury and Outfielder Earle Combs was nursing a lame shoulder.

Despite these handicaps, the Yanks played magnificently behind their talented left-hander, Vernon Gomez, to send his arch rival, Lefty Grove, and fellow Mackmen to a crushing defeat, was Gomez's seventeenth victory in 21 starts.

This victory enabled the "crippled" Yanks to depart on their western trip with a first place lead of 16 games over the runner up Indians, their longest lead of the year. Little Joe Sewell, the pride of Tuscaloosa made mockery of the famous Robert Moses Grove by smacking out five hits in five times up. One of them was a home run. The Yanks tallied six runs in the seventh inning, and the A's finally caved out their three runs in the ninth.

An Englishman traveling through the State of Georgia entered a cottage and asked the owner, middle-aged colored lady, for a glass of water. "I will send my daughter to the well for it," replied the woman and the former being out of doors, she was loudly summoned by the name of "Onyx."

"What a pretty name," remarked the traveler. "I have heard of precious stones," drizzled the negress. "My old man had been in jail for fourteen months when I call her 'Onyx'—short of onyx petted."

HEARD ON THE STREET

Prize Essay on Scotland
By a School Boy

Scotland is a braver land in the north of England. It has water all round it and whiskey all over it.

The population is about four and a half million, including Andros. It has a peculiar language of its own, and if one can pronounce it correctly it is a sure sign of society. The country has considerable wealth, but very little of it ever comes out of it.

Gold has been discovered in certain districts in the pockets of evasive natives.

The best known exports are Harry Lauder, Johnny Walker and Scotch whiskey, though sufficient of the latter is retained in the country to satisfy the demands of home consumption.

The national dress of the people is the kilt, which is a kind of a short petticoat. In pattern it resembles a chess board, though in color it is a solid blue. It is more like a straight board. It was invented because the natives were unable to find trousers big enough to get their feet through.

Baggies provide the only mode of the country. It is a wind instrument which when blown produces something similar to a tube. In many occasions during the great war the Scottish regiments marched to death listening to the strain of the bagpipes, and in many cases it is doubtful whether it was the enemy or the music which was the cause of so many casualties.

Scotland has produced some great men, among them being Robert Burns, believed to have been a poet. His most famous poems are "Scots Wha Hae" and "Stop Yer Tinkling Jock."

The chief national character is reckless expenditure.

"Mr. Blank," commented Ernie Wright rather faintly, "er—ah—that is, can—er—I will you—"

"Why yes myboy, you may have her," smiled the girl's father.

The young man gaped.

"What's this? Have whom?" he asked.

"My daughter, of course," replied Mr. Blank. "That's what you mean. You want to marry her, don't you?"

"Why, no sir," said Ernie. "I just wanted to know if you could lend me fifty dollars?"

"Certainly not sir," said Mr. Blank. "Why I hardly know you, go to Mike Moran the Contractor, he is making barrels of money. I hope the old devil will go upon a ten storey building and fall off."

Ernie in the meantime the interview to Carl Brown.

"I don't mind washing the dishes for you," waited the henpecked husband. "I don't object to sweeping the floors, but I am not going to run ribbons through my night gown just to fool the baby, and I don't blame the fellow said Ernie Whitehead.

A coloured preacher down south was trying to explain the fury of hell to his congregation.

"You is all seen mofen iron running out from a furnace, ain't you?" he asked.

The congregation said it had.

Well, the preacher continued, "they uses dat stuff for ice cream in de place I'm talkin' about."

INTERNATIONAL HARVESTER CROP PRICE GUARANTY

Take advantage of this offer . . .
Get the new equipment you need to reduce your production costs

Many farmers who need new machines for the economical production of their crops have been reluctant to buy them because of uncertainty as to the prices they will receive later in the year for these farm products.

In order to meet this situation, the International Harvester Company of Canada, Ltd., offers to farmers purchasing machines after this date, a definite price guaranty on wheat based on 77 cents a bushel for No. 1 Northern at Winnipeg, applying to a liberal portion of the purchase price of the machine. If the market price for wheat does not reach the guaranteed price at the time payment becomes due on notes given and maturing this year, the purchaser of machines under the plan will receive a credit equal to the difference.

Any farmer in Canada, regardless of where he lives or what he raises, can purchase McCormick-Deering farm machines under the terms of this offer.

This is your chance to replace wornout and obsolete equipment on a favorable price basis. Let us explain the details of this remarkable plan and tell you just how to take advantage of it in equipping your farm with the new cost-reducing machines you need at a real saving.

Satisfied Canadian Owners have established CHEVROLET LEADERSHIP!

A hundred thousand owners of low-priced cars throughout Canada were invited recently to tell what they thought was Chevrolet's most important story. Like a recurrent theme through the thousands of entries received was the conviction that Chevrolet leadership is based on the goodwill of the men and women who have tested the Chevrolet Six in millions of miles of driving.

The Chevrolet Six you buy today is a proved car; proved on the hard testing ground of a nation's roads and by ways to the satisfaction of thousands of your fellow-Canadians. It has won acknowledgment today as the Great Canadian Value, just as this proud title has been won by each succeeding Chevrolet since the first of the line came out of the factory at Oshawa, seventeen years ago.

No wonder, then, that since January 1st, Canadians have purchased more Chevrolets than any other car, regardless of price. Wise motorists have said in no uncertain way that they want six-cylinder smoothness, free-wheeling, synchro-mesh gear-shifting, Fisher bodies, four parallel-mounted springs—and the other Chevrolet features without which no 1932 car can possibly be called complete!

WILL TWENTY M.L.A.'S —O— BE ENOUGH?

The Carlton News suggests that the government goes right ahead on the business of reducing. "If in Municipal areas are sufficient to carry on the Municipal business of this Province, then 20 members at Edmonton are certainly plenty to look after the city area. If the U.F.A. Government under Premier Brodie really mean to put this bill through, and it will have the support of every thinking citizen, then why not have the courage of their convictions and institute some real economy in the matter of representation at Edmonton. Such an action calls for leadership of the highest order. It is a challenge to the Brodie Government. There is nothing else so urgently needed today as this very thing. We leave it to Mr. Brodie. Can he fight the thing through, or will he also succumb to the wave of protest which will follow, as did Mr. Baker with his school bill?"

Langdon Notes

The Toronto Conservatory of Music Examinations were held in Calgary recently and the results show that the pupils of Mrs. Brander were very successful. Margaret Brander ranked fifth in the Calgary district receiving honors in the Junior Exams, while Audrey McNeil was sixth, with honors. Nina Newton also passed the Junior tests. Ina Drake got honors in the elementary school exams. Edith Hickey a former pupil who is now taking music at Mount Royal, Calgary was first in the intermediate receiving honors. Mrs. Brander is being congratulated on the success of her pupils and Langdon and vicinity are proud of the splendid work of teacher and pupils.

Shepard and Langdon played softball Sunday evening and the score was 13 to 12 in favor of the home team.

A large crowd attended the W. picnic held at the P. G. Fulton home last Wednesday afternoon, and a splendid time is reported.

Mr. and Mrs. Kenneth Ashley Smith of Loyalist, Alberta are visiting at the home of her parents Mr. and Mrs. E. Armstrong.

Mrs. S. J. Scott returned to Banff for the week end.

C. Johnson and family of Alameda are visiting at the S. Scott home.

Mrs. Win Barron is a visitor in Edmonton for a few days.

ELWOOD

L. is England is progressing nicely and is expected home in a few days.

J. W. Merritt of the Dominion Potato Inspection was in the district on Saturday last and reports the potato fields patchy all over South Alberta.

Jack Sharpe is a busy man these days supplying water for irrigation as it is quite dry these days.

Mrs. Harvey Hanson and sons Vernon and Roland left Tuesday morning for Field, B. C. for a few days holiday, expecting to stop at Lake Louise and Banff for a day each on their return.

U. S. FARMBOARD NOW IMPOTENT IN WHEAT MATR

Continued from front page

to be rather an interference with the ordinary channels of trade, and in particular lessened future purchases of wheat and flour by millers and bakers, with a consequent softening of the market structure. Not all the wheat appropriated will be distributed free, for the U.S. is paying for milling and to some extent for freight with a part of the total stock, and such parts, of course, have still to be marketed in the regular way.

Over a period of several months it is believed by market observers there will be a slightly larger consumption of wheat in the United States because of this free distribution. But from the market standpoint the greatest significance is the fact that the Farm Board is now reduced to comparative impotence for ill, or for attempts to do good, which in the estimate of its critics, comes to the same thing. Within a short time its complete disappearance from the wheat market is anticipated, and current opinion regards that as an important development as soon as it can be brought about.

The sooner, so goes general opinion, the control of its present stocks can be transferred to regular commercial channels, the sooner will there be a healthier market. So traders at home will no longer be afraid of either sudden action or unwise pronouncements by the Farm Board, and buyers abroad will no longer count on buying wheat from it, as they have bought it for a long time, at less than prevailing market prices in the United States.

That complete liquidation of the Farm Board may be ordered in the next session of Congress is believed to be possible. It can hardly survive a Democratic victory at the November elections, since that party has condemned its course of action. Even the lib-

Strathmore, Alberta.

ROCKYFORD

Continued from front page
Mr. D. R. Poole and his two children have returned from motor trip to the west coast. They visited friends and relatives at Tacoma, Washington and other points before returning.

The Scout Camp at Rockford was abandoned on Saturday July 16th after a most successful week. About 40 boys from Rockyford and several from Rockford enjoyed the camp and Mr. C. H. Clarke and Mr. A. H. Erwell made splendid supervisors. Scout Supervisor Commissioner (Hugh) paid the camp a visit on Monday evening and was highly pleased with the progress of the groups and made a meeting was held with those of Rockford who are anxious to form a Scout group in their town and it is all most certain the boys will be enjoying the benefits after a short time. On Friday evening the night before camp broke a Camp Fire Programme was staged, many visitors being present for the pleasant event, and expressed their pleasure and appreciation of the splendid entertainment. All the Scouts of the district and their parents wish to thank Mr. Clarke and Mr. Erwell, and all who assisted in making this a summer vacation to be remembered by all.

A very quiet wedding was solemnized at Strathmore, recently, when Miss Leah Carpenter, second daughter of Mr. and Mrs. W. Carpenter of Rockyford became the bride of Mr. Wm. F. Allen, son of Mr. and Mrs. W. H. Allen, of Nanaimo, Rev. Brundage officiating. The happy couple will make their home at Nanaimo after a stay in Rockyford.

Miss Blanche Fraser of Nanaimo is visiting with Miss Marjorie Stone at present, and renewing acquaintances in the Rockyford district.

Mr. and Mrs. Ed McLean, and family spent a week recently with their relatives at Vulcan.

Many from the district took in the Calgary stampede for either one or more days, and nearly all seemed well pleased with the exhibits and grand stand attractions.

Miss Pearl Hoppel is at present spending her holidays at her home west of town and with friends of the district.

The M. D. of Bow Valley, No. 219

NOTICE OF SALE
Notice is hereby given under Section 48 of The Domestic Animals Act (Municipalities) that one grey gelding, weight 1000 lbs., no visible brand, was impounded in the pound kept by R. A. Bishop, Carleland, located on S. W. 4-25-26-4 on the 15th day of July, 1932 and that the said animal was sold on the 26th day of July, 1932 to the Whitefoot of Calgary, and that the said animal may be redeemed by the owner or on his behalf within a period of thirty days from the publication of this notice in the Alberta Gazette, upon payment of all fees and costs due to the Municipality and the purchaser of said animal.

Strathmore, Alberta.

The Triana and Rockyford football teams had a work out on July 24th on the Triana diamond with a good crowd in attendance. The score resulted in 19 to 6 in favor of Rockyford. They will meet again on Wednesday at the Rockyford Annual Sports.

Greyhurst School district under the direction of Mrs. Dresser, its teacher for the past year held their annual school picnic on Sunday July 24th at the Strathmore Camp Grounds near Drumheller. The programme of races was exceptionally good and everyone enjoyed themselves to the fullest extent. A closely contested game of football between the Rockyford players and Greyhurst filled in the way of the ice cream, enjoyed this fine treat picnic for many years.

Mr. W. Carpenter returned to Medicine Hat on Sunday morning for a game of golf. Mr. and Mrs. Renney accompanied him. They returned on Monday when Mrs. Carpenter returned with them from her three week's holiday.

Thieves are getting busy in Rockyford again the Imperial Co. Warehouse was visited on Monday night when it is estimated that about \$400 worth of oil and grease was taken. Considerable quantity of Carbon is busy on case.

THEY ARE REAL GOOD

A Great War! A Great Patience! A Great Depression!

4 ALL within twenty years. Could there be a more grueling test?
4 Yet life insurance stands invincible. During that whole period it paid every obligation promptly and fully—as it has ever since the Dominion was formed.
4 The Sun Life Assurance Company of Canada itself paid to policyholders and beneficiaries in cash during these periods—
The War (1914-1918)
The Flu (1919)
The Depression (1930-1931)
—over \$226,000,000. It has paid to its policyholders and beneficiaries since formation nearly \$600,000,000.

In prosperity, life insurance is valuable; in adversity it is indispensable. The protection of your home, the security of your business, the comfort of your old age, depend first on adequate life insurance.
Have you enough?
